Northside Church of God is committed to nurturing and supporting the spiritual, emotional and social growth of children and their families. Our desire is to inspire children to look to Jesus for a life changing relationship that will set them on the course to explore the great plans God has for them. We believe it is critical for children to have a firm foundation in a relationship with Christ that is rooted in Biblical Truth. It is this foundation that will steady their walk as they journey through adolescence and adulthood. It would be our joy and delight to serve your child and you through the fellowship of this ministry as we journey together on the B.O.A.R.D.Walk.
